

# MULGRAVE PRIMARY SCHOOL

Gladeswood Drive, Mulgrave Vic 3170

## FIRST AID Policy

### PURPOSE

To ensure the school community understands our school's approach to first aid for students.

### SCOPE

First aid for anaphylaxis and asthma are provided for in our school's:

- *Anaphylaxis Policy*
- *Asthma Policy*

### POLICY

From time to time Mulgrave Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

#### Staffing

The principal will ensure that Mulgrave Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

All relevant staff at Mulgrave Primary School are trained in Level 2 first aid.

#### First aid kits

Mulgrave Primary School will maintain:

- A major first aid kit which will be stored in the first aid room.
- All portable first aid kits used for yard duty and otherwise as required will be stored in the first aid room.
- The administration officer will be responsible for maintaining all first aid kits.

#### Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the sick bay in the front office area and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

#### First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competency.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Mulgrave Primary School will notify parents/carers through a completed form indicating the nature of the injury, any treatment given, and the name of the teacher providing the first aid.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Mulgrave Primary School will:
  - record the incident on CASES21, which is an electronic recording system
  - if first aid was administered in a medical emergency, report the incident to the Department’s Security Services Unit on 03 9859 6266.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.
