Recess	11.00 - 11.30am
Lunch	1.40 - 2.30pm
School Finishes	3.30pm

Message From The Principal

Assistant Principal Appointment

It is with great pleasure that I can announce that Nicola Weerakoon has been appointed as our substantive Assistant Principal. Nicola has acted in the role since November 2021, following the departure of Tom Boyle. After Mr. Boyle's recent confirmation of his appointment, we were then able to advertise the role and complete the formal merit process. Mrs Weerakoon was the standout candidate in a strong field. Her commitment to this school is exceptional and we are very fortunate to have her as part of the leadership team. I am sure that Mrs Weerakoon will continue to support our staff to provide the best possible outcomes for the students of MPS.

Conferences & Individual Education Plans

Last Tuesday students, parents and teachers met to discuss the progress made since the midyear reports and to work together to set each student's goals for the remainder of the year. As I made my way around the school, there were plenty of good conversations being had where it was noticeable that the student knew exactly what they needed to do to meet their own point of need. Teachers are now busily editing the draft documents ready for families. We hope that you will continue to engage with your children and support them to achieve their goals. By developing a strong home-school partnership, we can ensure that every student achieves their best. For most families, goals will include a literacy and numeracy section and a student voice goal. As students move through the year levels, those student goals can become more focused on other areas of the curriculum such as STEM or the Arts. Goals are developed based on ongoing assessment, student input and of course, parent feedback at the conferences. We hope that through this targeted approach, you will see where your child's strengths are and where they need to focus their energies to ensure future success.

Parking & U-turns

We have observed parking inspectors around the school this week and they have had a particular eye on the kiss and go drop off zone. I would remind families that the zone is for 5 minute parking prior to school and at pick up. Getting here early and parking for 30 minutes in the zone will likely result in a fine, as will leaving your car. Parents must stay with their vehicle to avoid a fine. Getting out of the car to help with bags and car seats is fine, but walking away from your vehicle is a risk. This is clearly signposted. The school continues to work with the council and government to address parking around the school, with a new car park proposed behind the stadium via Maygrove Way and the tennis club entrance to the reserve. In the meantime, there is plenty of parking on the eastern side of Gladeswood Reserve and I would strongly encourage families to utilise this option. Whilst I'm on the topic of driving, I would again remind parents that U-turns are illegal in front of the school. For the safety of all of our students, can I please ask families to stop this practice? It hinders the view of the crossing supervisor and does not account for students who may be crossing the road behind the starting direction of your vehicle.

****A reminder that the staff carpark is not a drop off or pick up zone.
It is strictly for staff only and families should not be walking through the car park before or after school.**

Smart Watches

As per the Department of Education and the school's policy, if a Smart Watch is worn to school it must be placed in "flight mode" so as to disable the text and call features. Recently we have had examples of students actively conversing with people outside of the school during class time. Clearly we expect that students are focused on the task at hand, rather than texts from external sources. If a family member needs to make contact, we would ask that this is done via the school office. Having an active watch is a distraction that is easily avoided by the press of a button. Please ensure that your child is respecting the school rules by using flight mode when at school. As has been the case for many years, students are required to hand their phones into the classroom teacher at the start of the school day. Phones should be switched off and only turned on after school.

Artificial Intelligence

Late last week I attended the Victorian Principals Association Conference. The event covered a wide range of topics, but I was certainly engaged by the presentation on Artificial Intelligence (AI) and how it can be applied in a school setting. I am not alone in thinking that this can be a slippery slope for schools, particularly when it comes to privacy and creativity. During the presentation, I witnessed students in another country wearing headbands that measured their levels of concentration and relayed that information back to the teacher. That information was then shared with the parents of the class in a league table. Fortunately, I cannot see a time when we would implement such a policy in Australia, but it does highlight that AI is here and we need to be mindful of the opportunities, as well as the dangers.

For me, creativity is an essential part of life. Future innovation relies on people having the capacity to create. We want students to explore the world around them and we want to encourage them to think for themselves. This should come before any introduction of AI. Following that, we will undoubtedly see new technologies emerge where students devise plans to harness the power of AI. It is something the school will explore with caution and in time, I hope that we can enhance the learning experience through the positive use of AI.

Tummy Time

Earlier this week I enjoyed a visit into one of the Prep classes and was observing an excellent reading lesson on the features of a non-fiction text. One of the follow up tasks required the students to draw some of the animals from the text. I paid particular attention to the pencil grips of the students and the variety is always noticeable. With this in mind, I was prompted to think about the routines that help pre-prep and early years students to develop their drawing ability, which supports their writing later on. The importance of "tummy time" cannot be underestimated. Occupational therapists recommend that children spend time on their tummies drawing and writing. This builds the musculature of the neck and upper arms and helps build stamina. Activities that are suited for tummy time include writing, drawing, tracing and even playing games.

Another aid that helps students is a pencil grip. These small rubber devices slide over the pencil and promote the correct grip. Education supply stores and bookstores often have these available, or you can buy them online. Having one on a pencil to get students used to the correct grip before school is a great way to fast track their writing, as it will help them form letters sooner. Combined, tummy time drawing circles and lines will help a child progress. Whether a child is not yet at school, or in Year 2 and going well, I recommend putting the electronic devices away and encouraging children to draw as often as possible.

Parent Requests for 2023 (from previous newsletter)

It's that time of the year again when we seek parent requests for 2023 grade placements. Firstly a reminder that requests must be based on educational grounds and the school cannot guarantee every request due to the complexity of the process, however every effort will be made to cater to the needs of each individual student. Attached to this newsletter is the 2023 request form. The forms are due by 4pm on Monday September 11th and can be emailed to me directly via Charles.spicer@education.vic.gov.au. I would remind parents that requests for individual teachers are not practical and that no late requests can be accepted. Parents will be advised of the 2023 classes in early December, in time for our students to commence their end of year transition process. Again, I would remind families that we set up these classes with a view to trialling them over the last three weeks of the school year to reduce any anxiety over the holidays. This has been extremely effective over the last few years due to the great work of the teachers in getting the balance right. Please note that the school will put the needs of students first at all times and that whilst we endeavour to meet all requests, on occasion, some requests may not be possible.

Father's Day

Last, but not least, I would like to wish all the dad's in the MPS community a happy Father's Day for Sunday. Hopefully the day is relaxing without too many things on the to do list and that the kids make the day a memorable one.

Charles Spicer
Principal

TERM 3 WEEK 7 STUDENT AWARDS 2023

Class	Name	Reason
6G	Grace H	For her outstanding work and growth during our unit on data. You are a star!
6T	Kaan T	For his awesome work creating a poster on his 3D shape. Keep it up!
5G	Bronwyn P	For consistently contributing in-depth thoughts in all areas of learning, and for being a wonderful peer that helps everyone out. Keep being amazing!
5J	Simon D Joshua W	For always going above and beyond with your schoolwork and for producing excellent pieces at all times. You are a super star! For making such valuable contributions to our class discussions and for always being such a kind and considerate student. You are such a delight Josh!
5M	Taranjit S	For always enthusiastically sharing his knowledge and contributing valuable insights in Reciprocal Reading, Literature Circles and all class discussions. Keep up the incredible work Taranjit!
4W	Elsa T	For her willingness to always help others and for her extraordinary efforts at District Athletics.
4S	Smayan R	For dedicating time and effort to improve his reading. You are a star!
4S	Ray B	For the hard work he put in to understand more about fractions. We are so proud of you!
4H	Zion D	For dealing with a challenging situation in a mature way.
3M	Viyaan K	For his inquisitive nature and persistence when learning and making fake blood. Fantastic job, Viyaan!
3H	Neil P Giada R	For his kindness towards his peers, both in and out of our classroom. Amazing work! Maintaining an eagerness to learn and for helping out around the classroom.
3S	Malkit S	For reading so well with the teacher group and listening so well.
2O	Taze A	For working hard during maths and asking questions to help his understanding. Great work Taze!
2N	Cleo M	For always being a caring class member and friend to everyone.
2E	Vigas M	For persevering with difficult maths concepts, well done Vigas!
1M	Levi W Michael L	For putting in an incredible effort to improve his reading. You are a super star Levi! For always demonstrating kindness and empathy to others. You are amazing Michael!
1L	Hayden S Adham B	For challenging himself by telling the time to the quarter hour. For giving a sound reason, supported with evidence for his persuasive writing.
1B	Bowen S	For always producing work to a great standard and for being a wonderful addition to our class. We love having you in 1B!
Prep K	Rose S	For encouraging others to do the right thing in class and always offering to help when you see a need. You are a star!
Prep C	Casper S Anastasia M	For his great ideas when writing our class book about the 100 days celebration. Keep it up superstar! For writing some amazing animal facts this week. Keep up that awesome sounding out Anastasia!
Prep B	Presley W	For working to your best ability when identifying unknown words with a text. It is great to see your confidence slowly blossoming!

District Athletics

Congratulations to all the students who participated in the District Athletics. An awesome effort by all!

A further congratulations to the following students who have made it through to Division Athletics!

We wish them good luck!

Footy Colours Day

2023

Friday September 15th

Students can dress up in jerseys and favourite footy colours on this day.

There will be a parade and some footy activities for each year level that will be run by our wonderful house captains. There will be no pies sold.

NO DONATIONS required this year

THE GIFT OF CHORES

The topic of family contributions (aka chores) has been a consistent part of the Love and Logic approach for decades.

There are many reasons that we focus on family contributions. They provide an opportunity for kids to learn important life lessons about responsibility, perseverance, humility, and the fact that good feelings come when we serve others. Contributions to the family help kids develop a sense of accomplishment and success, and we believe that they are the foundation for developing a strong sense of responsibility and healthy self-esteem.

Getting started with modelling these tasks will help your kids throughout the year - and throughout their lives. Here are some steps for modelling family contributions:

- Make sure that your kids see you doing them and that you are working hard and even struggling to get them done.
- Make sure that they see you feel a sense of completion and accomplishment as well as how good you feel after they're done.
- Think out loud while you are working. Say things like, "This is hard, but I've got to do it, so I'm going to do it right now." After it's done, you can say, "It's done! I feel great now that it's done."

It's very important that your kids realize that you sometimes must work hard at something you don't necessarily like. Covering up your struggle or saying that chores are fun, when they're not, creates frustration and resentment within kids when they must struggle with their own chores. Be positive about doing your chores—but be honest about your struggles.

- [Dr. Charles Fay](#) – Love and Logic Parenting

Live well and laugh often!

Newsletter

A message from your Coordinator

First of all, we invite fathers to join us for a special Father's Day breakfast on 1st September from 7:45a.m. to 8:45a.m. to celebrate this great occasion with us!

Rocketeers XI, our school holiday program, is open for booking now, and it is full of thrilling missions, projects, and adventures. Some insights of it are, we begin our Mission XI with heart science and mind-body exploration, then embark on an expedition to a dance party and St. Kilda Footy Club, learn car racing stunts from professionals and test our creativity by creating big games plus building challenges. For more information and bookings, please go to campaustalia.com.au and secure your place ASA. Places are limited and filling very fast!

During National Science Week, we explored several experiments and highlights of the program such as learning about alkaline and non-alkaline products through red cabbage colouration, designing binary code bracelets, learning the science behind the water pumps, and challenging ourselves to build the strongest chair and a ball run. We appreciate Jeremy and Spencer's effort for creating the sturdiest chair for our little teddy. Marble run painting, magic galaxy was also very popular. During Book Week we made cool bookmarks and designed our own book covers. Our master chefs explored a new menu and made delicious avocado dip and served it with corn chips, cheesy muffins, and zucchini corn fritters. We also made scrumptious pancakes for breakfast.

A very happy Father's Day to all dads, I hope you get spoiled rotten on Sunday! 😊

It's free to register!

To attend our program, you must register your child. You can register an account with us at pp.campaustalia.com.au or by downloading our Camp Australia smartphone app from the Apple App Store or on Google Play. Once registered, it's easy to make bookings and manage your account.

Activities coming up

- Paddle pop stick flowers
- Dancing raisin
- Wattle tree

What's on the Menu

- Topping rice biscuits
- Zucchini with cheese and tomatoes
- Burrito bowl

Visit our blog

New articles are added each week for parents and cover various topics to help families.

Extraordinary Holiday Adventures

Mon 18 Sep Mission Takeoff XI: Mind & Body Quest

Embark on an epic journey of self-discovery! Feel the heart's pulse with a science experiment making a pumping heart. Craft a hand model to explore muscles and create galaxy jars for mindful wonders. Unleash excitement within your amazing self!

Full Fee \$77.83 | After Max. CCS* \$7.78

Tue 19 Sep Adventure: Rocketeers Dance Party

Ready for the ultimate dance fest! This dance party will have you feeling the groove as we celebrate our new song 'Take Me to Base Camp' with mind-blowing performances, the 'Take Me to Base Camp' dance moves, and some fun sing-alongs!

Full Fee \$113.83 | After Max. CCS* \$11.38

Wed 20 Sep Experience Takeover: RC Racers

Calling all speed enthusiasts! This is your chance to unleash the need for speed! Led by professionals, you'll master the art of driving and make your RC car leap through the air! Get ready to race and witness jaw-dropping stunts.

Full Fee \$89.83 | After Max. CCS* \$8.98

Thu 21 Sep Operation: Brain Boosters

Experience that 'light bulb' moment as your brain engages in fun problem-solving activities! From puzzles and logic games to brain teasers and more, it's time to think out loud and enhance your cognitive skills!

Full Fee \$65.83 | After Max. CCS* \$6.58

Fri 22 Sep Project: The Plus-Plus Challenge

Let's build and create using Plus-Plus blocks! An award-winning Danish toy featuring one shape and endless possibilities, it's your turn to get hands-on and build your own design and even learn basic coding using different colour combinations.

Full Fee \$86.83 | After Max. CCS* \$8.68

Mon 25 Sep Project: DIY Giant Game Adventures

Have you ever made your own board game from scratch? Join us as we craft our very own giant board game, designing game pieces, tokens, and more. Plus, you'll get to create a special 4-in-a-row game to cherish at home!

Full Fee \$86.83 | After Max. CCS* \$8.68

Tue 26 Sep Operation: Alien Encounters

Inspired by World Space Week (4-10 October), we're exploring the extraordinary in extraterrestrial life – aka ALIENS! You'll find yourself venturing through some out-of-this-world fun, such as scavenger hunts, creating alien language and more.

Full Fee \$65.83 | After Max. CCS* \$6.58

Wed 27 Sep Adventure: Saints Skills Session at St Kilda Inflatables

Ever wanted to train like footy players? Pump up the fun with interactive inflatables and a skills session, plus some fun merch to bring home. This is an awesome goal-kicking experience like no other!

Full Fee \$107.83 | After Max. CCS* \$10.78

Thu 28 Sep Operation: Food for Fuel

Let's look at ways we can fuel our bodies. From discovering healthy and delicious food through activities and crafts to exploring other ways we can fuel our passions; how do you fuel your energy?

Full Fee \$65.83 | After Max. CCS* \$6.58

REGISTER NOW PLAY BASKETBALL

Summer '23/24 Registrations Open

WHERE DO WE PLAY?

The Mulgrave Mambas Basketball Club compete in the Saturday competition of the Melbourne East Basketball Association (MEBA). This Saturday competition is known as the Greater Eastern Basketball Conference (GEBEC). The MEBA/GEBEC play games out of numerous venues in Melbourne's Eastern and South Eastern suburbs including: Nunawading Basketball Centre, The Rings, Forest Hill College, Mullauna Secondary College, The Knox School, Mulgrave Primary and Wheelers Hill Secondary College.

WHAT ARE THE SEASON DATES?

The Summer '23/24 season is played across Term 4 and Term 1 commencing on Saturday 7th October and plays through until late March 2024. The competition doesn't play on the Saturday of Cup Weekend and Summer school holidays.

WHAT DOES IT COST?

The Player Registration fee for the Summer '23/24 season has been set at \$285 per player. Given we are a start up club we have subsidised this fee as much as possible. The Player Registration fee covers operational costs for the club/teams including Competition Entry, Team Sheet Fees, Training Courts, Coach Polo's, Team Equipment, Trophies etc. In addition to the Club Registration Fee, Basketball Victoria require all players to be registered and covered by insurance. This fee of \$29 covers players for 365 days from registration.

WHAT TIMES ARE GAMES?

The MEBA/GEBEC Saturday competition start games at 8am with the last game concluding by 7:15pm. Games are (in most cases) allocated in "blocks" by age group with Under 8's/10's starting the day from 8am through to Under 18's playing the later timeslots.

TRAINING

Training will be held at Mulgrave Primary School after school once per week during the season. Specific days/times of trainings will be determined closer to the season in consultation with the team coaches.

UNIFORMS

Once we have closed registrations we will be holding a uniform "try on" day for all players to order their uniforms. All new players will be required to purchase singlet & shorts, cost of \$90.
